The European Union 2018

authors names reversed on previous editions

The European Union and Global Governance 2009-02-25

this book explores and analyses the multidimensional influence the european union exerts in the world focusing on its contribution to regional and global governance presenting a multidisciplinary approach with contributions by a panel of outstanding scholars from political science economics legal studies philosophy and history the book examines the eu as global player and international power in the making the book is divided into three parts part 1 examines the influence of the eu as such on global governance considering the euro the common market the modernization policies for a knowledge society and its global role as both a multinational and regional democratic political system part 2 focuses on the eu s external policies including trade humanitarian aid the environment climate change migration terrorism crime and eu foreign policy part 3 explores the eu as a global actor in the making and looks at issues including enlargement and the eu s neighbourhood policy inter regionalism it critically addresses the weight of the historical legacies of europe in the world and its cosmopolitan perspectives as well the european union and global governance will be of vital interest to students and scholars of european politics international relations and european studies

The Institutions of the European Union 2022

in a time of disruption and rapid change the european union s institutions have endured in the institutions of the european union a team of expert contributors and editors explain everything you need to know about the functions powers and composition of these important organizations as they contend with the changing dynamics of european integration it is the most comprehensive guide to understanding how the institutions of the eu provide political direction govern policies and integrate contrasting interests within the eu new to this edition fully updated to cover the institutional changes prompted by brexit covid 19 and many other issues facing the eu a new introductory chapter presents the idea of eu institutional politics and explores its different dimensions explores the urgent challenges of creating more diverse and inclusive eu institutions new discussion questions help you reflect critically and engage with the content to take your learning further professor uwe puetter of europa universität flensburg and sabine saurugger of science po grenoble uga join dermot hodson as editors book jacket

The European Union: A Citizen's Guide 2016-05-12

the essential pelican introduction to the european union its history its politics and its role today for most of us today europe refers to the european union at the centre of a seemingly never ending crisis the eu remains a black box closed to public understanding is it a state an empire is europe ruled by germany or by european bureaucrats does a single european economy exist after all these years of economic integration and should the eu have been awarded the nobel peace prize in 2012 critics tell us the eu undermines democracy are they right in this provocative volume political scientist chris bickerton provides an answer to all these key questions and more at a time when understanding what the eu is and what it does is more important than ever before

The European Union as a Global Actor 1999

this book examines the emergence role and future of the eu as an actor in world politics the core areas of european foreign policy are analysed both theoretically and empirically this fully updated new edition explains and analyses the latest theoretical developments

The External Action of the European Union 2021-03-26

this groundbreaking new textbook offers extensive coverage of eu external action studies from its major concepts to the key theories in the field over the past decades the european union has progressively developed into a significant global actor in an increasing number of policy fields this long awaited volume looks into different ways of conceptualizing the eu as a global actor the processes and impact of eu external action explanations offered by ir and integration theories the discursive normative practice and gender turns and the decentring agenda for eu external action the book offers a reader friendly guidance on these various ways in which to study the eu as a global actor each chapter introduces one concept approach or theory and illustrates its application by a case study of eu external action in drawing the different perspectives together the book underscores that eu external action studies is becoming an academic speciality in its own right written by leading experts the volume will make essential reading for students scholars and practitioners of eu external action eu external action studies nowadays attract attention from scholars and students in international relations ir foreign policy analysis and interdisciplinary eu studies as well as from practitioners

Differentiated Integration in the European Union **2017-10-02**

the notion of differentiated integration is increasingly used in the literature on european integration often employed interchangeably with the notion of flexible integration diverging views on its nature have led to the emergence of various definitions and to some extent a semantic confusion a lack of consensus characterizes the academic literature some authors even avoid putting an explicit definition on the term the main objective of this book is to seek answers for the following questions how can one define differentiated integration in the european union should differentiated integration be considered as a process a concept a system or a theory should it be seen as a temporary or a well established phenomenon how is this field of study likely to develop in the future in order to do so all chapters written by leading experts in the field offer a state of the art analysis of the study of differentiated integration from theoretical and practical perspectives in addition this book is not a collection of isolated papers all chapters are interconnected and gravitate towards the aforementioned central questions but approach these from different perspectives this book was published as a special issue of the journal of european public policy

Opting Out of the European Union 2014-08-14

european integration continues to deepen despite major crises and attempts to take back sovereignty a growing number of member states are reacting to a more constraining eu by negotiating opt outs this book provides the first in depth account of how opt outs work in practice it examines the most controversial cases of differentiated integration the british and danish opt outs from economic and monetary union and european policies on borders asylum migration internal security and justice drawing on over one hundred interviews with national representatives and eu officials the author demonstrates how representatives manage the stigma of opting out allowing them to influence even politically sensitive areas covered by their opt outs developing a practice approach to european integration the book shows how everyday negotiations transform national interests into european ideals it is usually assumed that states opt out to preserve sovereignty but adler nissen argues that national opt outs may actually reinforce the integration process

Adjusting to Europe 1996

this volume is a comprehensive collection of critical essays on the taming of the shrew and includes extensive discussions of the play s various printed versions and its theatrical productions aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play the issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality

EU Health Law & Policy 2019-01-31

whether there is a public health need for the containment and response to swine flu or an individual need to access health care across the border for a hip operation to alleviate pain the eu has an increasingly powerful role in the field of human health health law and policy is deeply tied into fundamental rights bioethics and values with important implications for individuals however it is also an expansive area of economic regulation of social and state arrangements the growing role of the eu in human health law and policy is contested particularly as it has implications for the fundamental rights and values that are enshrined in national health law and policy this book outlines through case studies how the expansion of eu power is taking place through law and policy in both public health and health care how is law and policy in the field of human health adopted who are the institutional actors involved and what is the impact of these developments for fundamental rights

The European Union and Global Engagement 2015-02-27

written by a broad range of international experts the european union and global engagement discusses the role of the european union after the lisbon treaty and the economic crisis

The Neighbours of the European Union's Neighbours 2015-02-28

what instruments does the eu have at its disposal and how can it link them in order to respond to the challenges and overcome the current fragmentation how can the eu create bridges between the neighbours of its neighbours this timely book takes stock of the state of the eu s co operation with these regions and explores how the concept might help promote security stability and prosperity beyond the countries which are formally part of the european neighbourhood policy

The EU Charter of Fundamental Rights 2014-12-01

the charter of fundamental rights of the european union enshrines the key political social and economic rights of eu citizens and residents in eu law in its present form it was approved in 2000 by the european parliament the council of ministers and the european commission however its legal status remained uncertain until the entry into force of the treaty of lisbon in december 2009 the charter obliges the eu to act and legislate consistently with the charter and enables the eu s courts to strike down eu legislation which contravenes it the charter applies to eu member states when they are implementing eu law but does not extend the competences of the eu beyond the competences given to it in the treaties this commentary on the charter the first in english written by experts from several eu member states provides an authoritative but succinct statement of how the charter impacts upon eu domestic and international law following the conventional article by article approach each commentator offers an expert view of how each article is either already being interpreted in the courts or is likely to be interpreted each commentary is referenced to the case law and is augmented with extensive references to further reading six cross cutting introductory chapters explain the charter s institutional anchorage its relationship to the fundamental rights agency its interaction with other parts of international human rights law the enforcement mechanisms extraterritorial scope and the all important explanations

A Geography of the European Union 2013-11-19

can the european union continue to grow and also converge is uniformity within the union desirable the european union has grown into a supranational entity formed from a mosaic of diverse regions its enlargement to encompass a number of central european countries seems only a matter of time with the eu s political and economic importance growing globally the union s influence is increasingly being felt within its member states a new geography is emerging with pressures to reduce regional disparities by a process of convergence a geography of the european union provides a comprehensive introduction to the european union its identity problems and prospects focusing on

the key issues of integration and enlargement the authors examine the major economic social environmental and political aspects of the eu both in terms of its individual regions and as a system of interdependent states that form the single eu entity assessment of controversial issues is frank problems of unemployment social stress ageing and the place of women are covered objectively prompting readers to form their own interpretations this completely revised and expanded 2nd edition includes a wealth of new illustrations data and analysis setting the eu within a broader european and global context this book provides a comprehensive introduction to the changing geography of the european union and its place in a rapidly changing world

Unity and flexibility in the future of the European Union : the challenge of enhanced cooperation 2009

the entry into force of the lisbon treaty poses anew the question of whether from now on it will be more likely for the european union to use this mechanism or conversely the new institutional jurisdictional and decision making framework may act as a containment of favourable trends in the development of variable integration formulas in reality flexible or differentiated integration instruments within or outside of the framework of the eu alongside strictly intergovernmental cooperation between certain eu countries have existed since the beginning of community integration

The European Union after Lisbon 2016-02-17

a few years have passed since the lisbon treaty came into force but the question still remains of what the lisbon treaty has actually brought about was it just relatively insignificant as some scholars have claimed or was it something more this book sets out to look at this question and it does so by applying a classical division polity politics and policy one of the book s conclusions is that the lisbon treaty might have been plan b compared to the aborted constitutional treaty but it is certainly a substantial step forward on the european path of integration the lisbon treaty strengthened the eu both as a polity its stateness and in its politics the rules and procedures and in spite of the fact that the treaty was not really a policy treaty it has extended the union s field by federalizing most of the policies within the area of justice and home affairs this anthology brings together scholars from four european countries each of them a specialist within the fields they are analyzing each scholar adds insights from their area of competence to the book leaving it an important contribution to the study of today s european union

International Law Aspects of the European Union 1998

the debate about the relationship between international and community law usually centres on the question of which of these two belongs to the other and how special community legal order is in relation to international law in this volume a distinguished group of finnish and british academics and practitioners break new ground by instead of becoming mired in these questions clearly examining the international law aspects of the activities of the community and the union in doing so they have elucidated points of connection and possible points of conflict the result is a thought provoking collection of essays which examines community law through the conceptual grid of international law and thus enriches our understanding of the workings of both

The European Union and Developing Countries 2007

the eu is the main trading partner of developing countries and the main provider of development aid the contributors to this book evaluate critical aspects of eu trade and aid policies in order to ascertain whether and to what extent they help promote growth and accelerate the development of the third world the evaluation takes into account current changes in eu trade and aid policy and makes use of recent advances in empirical methods in order to provide accurate estimates of the policy impact on developing countries the various studies may contribute to improve the design and implementation of eu policy and its effectiveness in strengthening growth of developing countries and promoting the well being of their populations this independent evaluation of eu trade and development policy towards developing

countries will strongly appeal to undergraduate and graduate students in international economics development economics and european economics policy makers in the eu and developing countries development community non governmental organizations and those interested in the impact of the eu trade and aid policy

What's Wrong with the Europe Union and How to Fix It 2008-04-07

the european union seems incapable of undertaking economic reforms and defining its place in the world public apathy towards the eu is also increasing as citizens feel isolated from the institutions in brussels and see no way to influence european level decisions taking a diagnosis and cure approach to the eu s difficulties simon hix tackles these problems with distinct clarity and open mindedness what the eu needs hix contends is more open political competition this would promote policy innovation foster coalitions across the institutions provide incentives for the media to cover developments in brussels and enable citizens to identify who governs in the eu and to take sides in policy debates the eu is ready for this new challenge the institutional reforms since the 1980s have transformed the eu into a more competitive polity and political battles and coalitions are developing inside and between the european parliament the council and the commission this emerging politics should be more central to the brussels policy process with clearer coalitions and identifiable winners and losers at least in the short term the risks are low because the eu has multiple checks and balances yet the potential benefits are high as more open politics could enable the eu to overcome policy gridlock rebuild public support and reduce the democratic deficit this indispensable book will be of great interest to students of the european politics scholars policy makers and anyone concerned with the future of the european union

Differentiated Integration 2012-10-03

far from displaying a uniform pattern of integration the european union varies significantly across policy areas institutional development and individual countries why do some policies such as the single market attract non eu member states while some member states choose to opt out of other eu policies in answering these questions this innovative new text provides a state of the art introduction to the study of european integration the authors introduce the most important theories of european integration and apply these to the trajectories of key eu policy areas including the single market monetary policy foreign and security policy and justice and home affairs arguing that no single theory offers a completely convincing explanation of integration and differentiation in the eu the authors put forward a new analytical perspective for describing and explaining the institutions and policies of the eu and their development over time written by a team of prominent scholars in the field this thought provoking book provides a new synthesis of integration theory and an original way of thinking about what the eu is and how it works

Citizens' Support for the European Union 2019-07-02

this book offers a comprehensive analysis of the determinants of eu support between 2006 and 2015 and of electoral behavior during the european parliament elections in light of the eurozone financial and debt crisis it also examines how political and economic turbulences have affected eu citizens stance on democracy and their support for eu institutions it explores measures taken in the context of the euro crisis management and the reactions of eu citizens in order to shed new light on the determinants and developments of eu support the author highlights the heterogeneity of the developments between the member states and identifies social political and economic facets of the crisis that have changed the ways citizens form their political attitudes towards the eu the book delivers a profound account of the euro crisis integrating approaches from political economy psychology sociology and public opinion research it will appeal to scholars and anyone interested in learning more about the declining citizen support in the eu and the heterogeneous developments in the member states which may significantly endanger the long term existence of the european union

Finland in the European Union 2003

with a focus on governmental institutions this book explores the ways in which eu membership has altered the balance of power among key political actors the authors discuss cultural adaptation to integration as well as examining the views of the elite and voters the transformation in national identity sovereignty and neutrality are also examined

The European Union's policy towards Mercosur 2017-02-23

this electronic version has been made available under a creative commons by nc nd open access license this book provides a distinctive and empirically rich account of the european union s relationship with the common market of the south mercosur it seeks to examine the motivations that determine the eu s policy towards mercosur the most important relationship the eu has with another regional economic integration organization in order to investigate these motivations or lack thereof this study examines the contribution of the main policy and decision makers the european commission and the council of ministers as well as the different contributions of the two institutions it analyses the development of eu policy towards mercosur in relation to three key stages arana argues that the dominant explanations in the literature fail to adequately explain the eu s policy in particular these accounts tend to infer the eu s motives from its activity rather than the eu pursuing a strategy as implied by most of the existing literature the eu was largely responsive which explains why the relationship is much less developed than the eu s relations with other parts of the world

The European Union and Its Eastern Neighbourhood 2021-11-30

this edited volume brings together some of the most important scholarly perspectives in the form of both journal article reprints and original contributions on the structure and dynamics of the eu s multi layered relations with its eastern neighbours within the eastern partnership eap framework and beyond in may 2019 the eu s eap an ambitious and sophisticated policy framework conjoining elements of cooperation and integration with the eu s six eastern neighbours i e ukraine belarus moldova georgia armenia and azerbaijan turned ten years this anniversary in conjunction with repeatedly voiced critique by scholars and policy makers alike regarding the framework s effectiveness and utility led the eu to submit the eap to a fundamental auditing and revision structured around both enduring and emerging issues in the broader eu eastern neighbourhood framework this book provides a retrospective analysis of key structural and relational challenges unfolding regional dynamics distinctive forms of bilateral multilateral engagement whilst also offering a critical perspective on the contested future relations between the eu and its eastern neighbours looking backwards and providing a critical and thorough assessment of the first ten years of the eap in practice this book thinks forward and gauges its many potential future avenues this comes at a crucial moment as the eu and its six eastern neighbours are in search of new and mutually acceptable forms of association

The European Union and the People 2007-05-24

publisher description

The Effectiveness of European Union Environmental Policy 2001-03-14

several hundred directives on environmental policy have been produced by the european union what impact has the output of this legislative factory had after considering how decisions on environmental policy in the eu are made and the balance of power between business and environmental interests this book looks in depth at the areas of global warming water pollution and air pollution

The European Union: United Through Popular Sports 2015-02-01

the eusb european sports badge is meant to target a large audience through popular sports modern sport and its various events have been originated in europe during the past two centuries physical exercise and personal fitness are nowadays well respected and truly popular this study aims at responding to the question to what extent popular sport can make a contribution to the genesis the implementation and the fostering of a mutually acknowledged and experienced eu identity a differentiation between the two main spheres of sport professional sports and popular sports shows that the official and documented emphasis of the eu on the professional sphere hitherto led to negligence and a misconceiving attitude towards mass sports so far

The Foreign Policy of the European Union 2022-04-14

keukeleire and delreux demonstrate the scope and diversity of the european union s foreign policy showing that eu foreign policy is broader than the common foreign and security policy and the common security and defence policy and that areas such as trade development environment and energy are inextricable elements of it this book offers a comprehensive and critical account of the eu s key foreign relations with its neighbourhood with the us china and russia and with emerged powers and argues that the eu s foreign policy needs to be understood not only as a response to crises and conflicts but also as a means of shaping international structures and influencing long term processes this third edition reflects recent changes and trends in eu foreign policy as well as the international context in which it operates addressing issues such as the increasingly contested international order the conflict in ukraine the migration and refugee crisis brexit and covid 19 the book not only clarifies the formal procedures in eu foreign policy making but also elucidates how it works in practice the third edition includes new sections and boxes on strategic autonomy european arms exports the eu s external representation the brussels effect and decentring and gender approaches to eu foreign policy up to date jargon free and supported by its own website eufp eu this systematic and innovative appraisal of this key policy area is suitable for undergraduate and postgraduate students as well as practitioners

The Principle of Loyalty in EU Law 2014

the principle of loyalty requires the eu and its member states to co operate sincerely towards the implementation of eu law under the principle the european courts have developed significant public law duties on states to deepen the reach of eu law this is the first full length analysis of the loyalty principle and its legal implications

The Routledge Guide to the European Union 2016-05-20

written by experts this long established and definitive guide to the workings of the european union provides comprehensive straightforward and readable coverage of this sometimes misunderstood and complex institution it explains not only what happens but also why and analyses the eu s strengths and weaknesses as well as opportunities for it to be more effective with the eu s very existence under pressure due to fiscal crises and the eurozone migration and borders and euroscepticism it specifically outlines how it works the institutions the mechanisms every area of eu competence from agriculture to workers rights the effects of the single market and the single currency and the successes and stresses of the eurozone the impact of the enlargement of the eu and the prospects for further enlargement and for closer political integration the eu under strain the 2008 recession and after britain in or out fully updated and revised material with new data statistics examples and non partisan coverage the routledge guide to the european union is well established as the clearest and most comprehensive guide to how the eu operates this new edition brings you up to date at a crucial stage in its history at a time when arguably it has never been under greater threat but conversely is perhaps more important than ever

Political Theory and the European Union 2003-09-02

the contributors to this book examine the issues of constitutional choice that face the governments and citizens of today s europe divided into three sections this study addresses questions of political legitimacy and the meaning of democratic deficit in the eu the reality of what institutional reforms and decision making processes are possible and the rights of citizenship and values that should be protected

Civic Resources and the Future of the European Union 2012-08-21

this book shines new light on the political system of the european union eu by focusing on civic resources as a keystone of the eu s ability to sustain less tangible resources such as trust solidarity mutual recognition and citizens social and political participation have been until now largely ignored in the research on european integration due to the fundamental changes to the eu in recent years and the challenges ahead european citizens have become increasingly critical of a long lasting unification process in europe this volume theoretically and empirically examines how the european citizens themselves may contribute to the long term effectiveness legitimacy and endurance of the eu this book aims to examine the issues associated with the utilization of civic resources by the eu and the ability of european citizens to develop transnational civic resources expert contributors in the field develop a framework to understand and explore the potential of citizens in the uncertain future of the eu civic resources and the future of the european union will be of interest to students and scholars of european politics and european union studies

Policy Design in the European Union 2018-01-24

this edited collection addresses a paradox at the heart of the european union if it is a constantly enlarging empire of governance how can almost thirty member states design policies as an administrative whole whilst narrowly approaching all political issues from one economic point of view the contributors to this collection approach this by studying knowledge production policy formation and policy implementation in the union the topics covered include the history of the union its nature as an empire in the making compared to historical successors as well as current usa and china formation of union level statistical data and policy documents paradoxes of fiscal governance social innovation policy youth and education policy energy policy and foreign policy with particular regard to russia the concluding chapter outlines five alternative future scenarios for the union extending from collapse and marginalization to the emergence of a federal empire the book is essential reading for anybody interested in the eu including students and scholars across a range of disciplines including sociology political science international relations economics management studies public and social policy science and technology studies and environmental policy

Which European Union? 2015-02-26

sergio fabbrini argues that the european union eu is made up of states pursuing different aims rather than simply moving in the same direction at different speeds he describes the alternative perspectives on the eu an economic community an intergovernmental union and a parliamentary union that led to multiple compromises in its structure and shows how the euro crisis has called them into question the book argues that a new european political order is necessary to deal with the consequences of the crisis based on an institutional differentiation between the eu member states interested only in market co operation and those advancing towards a genuine economic and monetary union such a differentiation would allow the latter group to become a political union conceptualised as a compound union of states and citizens while preserving a revised framework of a single market in which both groups of states can participate

The European Union with(in) International Organisations **2014-10-28**

consisting of a two part structure this book is focussed in part i on more general trends of the eu s long term participation with in international organisations ios and in part ii on more precise case studies on labour standards public services flexicurity human trafficking and security this book asks why the eu has been involved with in ios on such a long term basis how with what impact these three key research questions are addressed in this innovative volume in a bid to explore the continuity of eu action with in ios this volume will be highly useful for students academics and experts combining a clear and easy to use framework with new empirical data

EU Treaties and Legislation 2015-08-20

this collection of the essential primary and secondary law of the european union quickly and effectively guides students to the material they need during exams and lectures part i contains the european union s primary law in consolidated form part ii offers a selection of the essential pieces of european union legislation in five core areas of particular importance to undergraduate and graduate studies institutions the internal market competition social policy and consumer protection colour coded for easy navigation all legislative acts are presented in their lisbonised and consolidated form student support is provided in two forewords that guide readers through the steps of finding reading and understanding eu law and a sophisticated table of equivalences that illustrates the evolution of the treaties from the rome treaty to the present day an appendix includes extracts of the two central uk acts that pertain to the european union

States and Regions in the European Union 2002

this book analyses the impact of europeanization on domestic politics and the relationship between states and regions

Trading Voices 2005

the european union the world s foremost trader is not an easy bargainer to deal with its twenty five member states have relinquished most of their sovereignty in trade to the supranational level and in international commercial negotiations such as those conducted under the world trade organization the eu speaks with a single voice this single voice has enabled the brussels based institution to impact the distributional outcomes of international trade negotiations and shape the global political economy trading voices is the most comprehensive book about the politics of trade policy in the eu and the role of the eu as a central actor in international commercial negotiations sophie meunier explores how this pooling of trade policy making and external representation affects the eu s bargaining power in international trade talks using institutionalist analysis she argues that its complex institutional procedures and multiple masters have more than once forced its trade partners to give in to an eu speaking with a single voice through analysis of four transatlantic commercial negotiations over agriculture public procurement and civil aviation trading voices explores the politics of international trade bargaining it also addresses the salient political question of whether efficiency at negotiating comes at the expense of democratic legitimacy finally this book looks at how the eu with its recent enlargement and proposed constitution might become an even more formidable rival to the united states in shaping globalization

Research Handbook on European Union Taxation Law **2020-01-17**

offering a comprehensive exploration of eu taxation law this engaging research handbook investigates the relevant legal principles in the context of both direct and indirect taxation the important issues and debates arising from these general principles are expertly unpicked with leading scholars examining the legal and political underpinnings of the eu s tax system

well as setting out a clear agenda for future research this multidisciplinary book provides an insight into the taxation of individuals businesses passive investment and the non profit sector it reviews the harmonisation debate in the areas of corporate taxation and value added tax and also analyses the current developments as to energy and environmental taxation tax competition state aid and the impact of the international polemic against aggressive tax planning are explored as are the more procedural but equally important topics dealing with cooperation between tax authorities exchange of information taxpayer rights and dispute resolution the final part of this book examines the external dimension to eu tax law not only as far as the fundamental freedoms are concerned but also in the context of trade agreements and association agreements an essential resource for students and scholars of eu taxation law this handbook will also appeal to practitioners and government officials working in taxation across the eu and beyond
