## **Kosovo**

2005

while exploring events that led to the bloodshed in kosovo in 1999 denisa kostovicova shows that the legacy of ethnic segregation is one of the major obstacles the international community faces in its efforts to establish an integrated multi ethnic society in this territory of interest to academics and students of nationalism and politics as well as practitioners and journalists this book is an important advance in research on one of the most tragic european conflicts of recent times jacket

## **Education in Post-Conflict Transition**

2017-10-03

this book offers vivid insights into policies of religious education in schools since the series of wars in former yugoslavia in the 1990 s it traces the segregation among members of different ethnic groups in slovenia bosnia herzegovina croatia and serbia which has never been greater or more systematic it aims to be a necessary step in understanding the origins of this systematic segregation and how it is reproduced in educational practice asserting that the politicization of religion in the school textbooks is one of the motors responsible for the ongoing ethnic segregation it also deals with complex aspects of this issue such as the general situation of religion in the different countries the social position of churches the issues of gender the reconciliation after the yugoslav wars and the integration of the eu

## **Classics Pamphlet Collection**

1838

the book post socialist translation practices explores how communism and socialism through their hegemonic pressure found expression in translation practice from the moment of socialist revolution to the present day based on extensive archival research in the archives of the communist party and on the interviews with translators and editors of the period the book attempts to outline the typical and defining features of the socialist translatorial behaviour by re reading more than 200 translations of children s literature and juvenile fiction published in the socialist federal republic of yugoslavia sfry despite the variety of different forms of censorship that the translators in all socialist states were subject to the book argues that socialist

translation in different cultural and linguistic environments especially where the soviet model tried to impose itself purged the translated texts of the same or similar elements in particular of the religious presence the book also traces how ideologically manipulated translations are still uncritically reprinted and widely circulated today

## ***Islamic Education in Europe***

2009

a selection of papers from a conference held in honour of professor hugh seton watson on the occasion of his retirement in 1983 the aim of the contributors is to illustrate the role of the historian in the political life of central and east european nations

## **Post-Socialist Translation Practices**

2012-10-31

the period from 1870 to 1913 saw the emergence of modern mass politics the extension of the franchise the development of party structures and political cleavages and growing state intervention mark this period as one of substantial political change this collection brings together a selection of the most important recent research in this field

## **Historians as Nation Builders**

1988-06-18

there has been a tendency to view the history of the balkans as essentially determined by historical legacies whether in scholarly literature or in popular discourse the ottoman or habsburg pasts are thought to be accountable for a large variety of phenomena ranging from democratic culture or the lack thereof and adaptability to a free market economy to nepotism and the filthiness of public facilities by contrast the papers in this volume demonstrate that legacies are not unchanging determinants instead they are very much open to constant reinterpretations and re assessments depending on conditions in the present they are in short as much shaped by the present as they are by the past series studien zur geschichte kultur und gesellschaft

## Glasnik Matematički

1997-06

was schreiben schulbücher zum thema reformation wie deuten sie das wirken martin luthers wie stellen sie die rolle der katholischen kirche dar und wie nehmen sich museen romane und andere manifestationen der geschichtskultur des themas an das buch reflektiert die antworten auf diese fragen im licht geschichtsdidaktischer diskurse es zeigt zudem wie ehemals sozialistische länder nach 1989 1991 das thema neu entdeckten und reißt mit zwei asiatischen sichtweisen die globale dimension der rezeption dieses früher vorwiegend aus westlicher perspektive reflektierten themas an in diesem sinne soll dieser band dazu beitragen geschichtsunterricht multiperspektivisch zu bereichern what do school textbooks say about the reformation how do they interpret the work of martin luther how do they portray the role of the catholic church and how do museums novels and other manifestations of its historical culture deal with the topic this book reflects the answers to these questions in light of history didactic discourse it also shows how formerly socialist countries rediscovered the subject after 1989 1991 and with two asian points of view notes the global dimension of the reception of this topic which was formerly viewed from a predominantly western perspective in this sense this volume plays its part in enriching history lessons from multiple perspectives

## *European Political History 1870–1913*

2017-05-15

rapid growth of interest in the research of childhood during the last several decades can be regarded not only as an indicator but also as an important factor in the long term processes of changes which have radically transformed history as a scientific discipline with the growth of the history of childhood as a discipline a series of problems neglected until then has been opened and along the questions about the new sources and equivalent methods of research this is especially true for historiography in the south east european countries where social history and historical anthropology is still marginal the volume comprises 18 contributions to the topic with authors from all countries of the region focussing on the 19th and 20th century topics like upbringing of female children in serbia or rural childhoods in mountain regions of austria and greece are as well touched as children and war and children and migration this is the first volume that provides an international readership with an overall
