The Radical Tradition 2011-03-01

an exploration of topics that does not attempt to examine the nature of tradition from the more transcendent perspective it concentrates on those political social and economic traditions which often align themselves with the aforementioned tendencies that are to be found at the highest level

Metapolitics 2020-05-05

badiou indicts this approach which reduces politics to a matter of opinion thus eliminating any of its truly radical and emancipatory possibilities against this intellectual tradition badiou proposes instead the consideration of politics in terms of the production of truth and the affirmation of equality he demands that the question of a possible political truth be separated from any notion of consensus or public opinion and that political action be rethought in terms of the complex process that binds discussion to decision starting from this analysis badiou critically examines the thought of anthropologist and political theorist sylvain lazarus jacques ranciere's writings on workers history and democratic dissensus the role of the subject in althusser as well as the concept of democracy and the link between truth and justice

Reality 2019-09-24

what is reality most people in the modern world are ignorant of metaphysical realities not to mention the prevalence of semantic confusion and therefore wyndand de beer aims to counter this ignorance and confusion he employs numerous insights from classical greek philosophy and traditional christian theology in order to discuss the various levels of reality ranging from the highest the divine to the lowest the material the author then deals with a range of philosophical and theological themes in the light of the preceding discussion these include well being and love time and eternity good and evil truth and knowledge and the survival of the soul beyond bodily death which is the only kind of immortality that human beings may attain a lengthy chapter also deals with the manifestation of higher levels of consciousness in religion mathematics and music in the later chapters of the book the author subjects salient aspects of the western sociocultural phenomenon known as political correctness to critical scrutiny in the process these ideologically driven and media promoted isms are contrasted with both hellenic and christian thought and the penetrating writings of traditionalist and or anti modernist thinkers from different parts of the world

Metapolitics 2017-07-12

more than half a century after the fall of the third reich nazism its roots and its essential nature remain a central and unresolved enigma of the twentieth century during the period of hitler's ascendancy most attempts at explaining this unprecedented phenomenon were framed in economic often marxist sociological terms and concepts peter viereck's metapolitics initially published in 1941 broke with this convention by indicting hitler in terms of the judaic christian ethical tradition and locating certain elements of the nazi worldview in german romantic poetry music and social thought newly expanded metapolitics remains a key work in the cultural interpretation of nazism and totalitarianism and in the psychological interpretation of hitler as a wagnerite and failed artist the term metapolitics a coinage from richard wagner's nationalist circle signifies an ideology resulting from five distinct strands romanticism embodied chiefly in the wagnerian ethos the pseudo science of race fuhrer worship vague economic socialism and the alleged supernatural and unconscious force of the volk collectivity together those elements engendered an emphasis on irrationalism and hysteria and belief in a special german mission to direct the course of the world's history viereck analyzes nineteenth century german thought's conflicting attitudes toward political

procedures and social arrangements rooted in classical rational legalistic and christian traditions this edition includes an appreciation by thomas mann and an exchange with jacques barzun debating viereck s criticism of german romanticism viereck s essays on the case of albert speer on claus von stauffenberg the german officer who led the army conspiracy to assassinate hitler and on the poets stefan george and georg heyne appear here for the first time in book form

Ecological Metapolitics: Badiou and the Anthropocene 2015-02-27

ecological metapolitics for the first time attempts to realize a synthesis between the problem of ecology and some fundamental concepts of alain badiou s proper philosophy ecology cannot be the first problem drawing from badiou s work in ethics metapolitics manifesto for philosophy being and event and others ecological metapolitics attempts to consider the possibility of a new modern tradition emanating from the event in light of the ecological question today the book considers death mourning democratic materialism the passion for the real resistance and technological fixes such as geo engineering ecological metapolitics ultimately serves as a critique of environmental ethics argued through badiou s philosophical work

Terrorist's Creed 2012-09-19

terrorist s creed casts a penetrating beam of empathetic understanding into the disturbing and murky psychological world of fanatical violence explaining how the fanaticism it demands stems from the profoundly human need to imbue existence with meaning and transcendence

Cultures of Post-War British Fascism 2015-04-10

in post war britain cultural interventions were a feature of fascist parties and movements just as they were in europe this book makes a new major contribution to existing scholarship which begins to discuss british fascism as a cultural phenomenon a collection of essays from leading academics this book uncovers how a cultural struggle lay at the heart of the hegemonic projects of all varieties of british fascism such a cultural struggle is enacted and reflected in the text and talk music and literature of british fascism where other published works have examined the cultural visions of british fascism during the inter war period this book is the first to dedicate itself to detailed critical analysis of the post war cultural landscapes of british fascism through discussions of cultural phenomena such as folk music fashion and neo nazi fiction among others cultures of post war british fascism builds a picture of post war britain which emphasises the importance of understanding these politics with reference to their corresponding cultural output this book is essential reading for undergraduates and postgraduates studying far right politics and british history

Metapolitics, the Roots of the Nazi Mind 1965

one of the world s leading radical philosophers analyses the failure of the syriza experience in greece over the last six years greece has provided the world with an open air political lesson the country s deep economic and social crisis has exposed the fundamental contradictions of the european union and indeed the capitalist world as a whole it has been a test case for movements seeking to put an end to the authoritarian anarchy of neoliberal capitalism the greek resistance to eu institutions and financial market hegemony offered a beacon of hope yet the movementist politics of 2011 could not build anything lasting and syriza s efforts as a party of government soon led to impasse for alain badiou it is not enough to mourn this defeat we must understand why such a vigorous opposition could fail greece and the reinvention of politics argues that an opposition of real consequence must revive the communist hypothesis the vision of an alternative state structure the orienting maxims that this hypothesis provides light the way for effective political action written in the storm of the

crisis the interventions collected in this book offer a path out of our contemporary powerlessness

Greece and the Reinvention of Politics 2018-01-30

badiou indicts this approach which reduces politics to a matter of opinion thus eliminating any of its truly radical and emancipatory possibilities against this intellectual tradition badiou proposes instead the consideration of politics in terms of the production of truth and the affirmation of equality he demands that the question of a possible political truth be separated from any notion of consensus or public opinion and that political action be rethought in terms of the complex process that binds discussion to decision starting from this analysis badiou critically examines the thought of anthropologist and political theorist sylvain lazarus jacques ranciere s writings on workers history and democratic dissensus the role of the subject in althusser as well as the concept of democracy and the link between truth and justice

Metapolitics 2012-01-16

investigating 20th century chinese ideology through the two main elements of passionate belief and cultivation of rage this timely book examines how maoist thinking has influenced western politics

The Strategy of Maoism in the West 2022-06-16

divexamines the political thinking of french philosopher of alain badiou whose theories of ontology and mathematics have set him apart from many of his post structuralist contemporaries div

Badiou and Politics 2011-08-10

more than half a century after the fall of the third reich nazism its roots and its essential nature remain a central and unresolved enigma of the twentieth century during the period of hitler s ascendancy most attempts at explaining this unprecedented phenomenon were framed in economic often marxist sociological terms and concepts peter viereck s metapolitics initially published in 1941 broke with this convention by indicting hitler in terms of the judaic christian ethical tradition and locating certain elements of the nazi worldview in german romantic poetry music and social thought newly expanded metapolitics remains a key work in the cultural interpretation of nazism and totalitarianism and in the psychological interpretation of hitler as a wagnerite and failed artist the term metapolitics a coinage from richard wagner s nationalist circle signifies an ideology resulting from five distinct strands romanticism embodied chiefly in the wagnerian ethos the pseudo science of race fuehrer worship vague economic socialism and the alleged supernatural and unconscious force of the volk collectivity together those elements engendered an emphasis on irrationalism and hysteria and belief in a special german mission to direct the course of the world s history viereck analyzes nineteenth century german thought s conflicting attitudes toward political procedures and social arrangements rooted in classical rational legalistic and christian traditions this edition includes an appreciation by thomas mann and an exchange with jacques barzun debating viereck s criticism of german romanticism viereck s essays on the case of albert speer on claus von stauffenberg the german officer who led the army conspiracy to assassinate hitler and on the poets stefan george and georg heym appear here for the first time in book form

Metapolitics 2014-05-14

dissensus on politics and aesthetics brings together some of jacques rancière s most recent writings on art and politics to show the critical potential of two of his most important concepts the aesthetics of politics and the politics of aesthetics in this fascinating collection rancière engages in a radical critique of some of his major contemporaries on questions of art and politics gilles deleuze antonio negri giorgio agamben alain badiou and jacques derrida the essays show how rancière s ideas can be used to analyse contemporary trends in both art and politics including the events surrounding 9 11 war in the contemporary consensual age and the ethical turn of aesthetics and politics rancière elaborates new directions for the concepts of politics and communism as well as the notion of what a politics of art might be this important collection includes several essays that have never previously been published in english as well as a brand new afterword together these essays serve as a superb introduction to the work of one of the world s most influential contemporary thinkers

Dissensus 2015-07-30

in the last half century ludwig wittgenstein s relevance beyond analytic philosophy to continental philosophy to cultural studies and to the arts has been widely acknowledged wittgenstein s tractatus logico philosophicus was published in 1922 the annus mirabilis of modernism alongside joyce s ulysses eliot s the waste land mansfield s the garden party and woolf s jacob s room bertolt brecht s first play to be produced drums in the night was first staged in 1922 as was jean cocteau s antigone with settings by pablo picasso and music by arthur honegger in different ways all these modernist landmarks dealt with the crisis of representation and the demise of eternal metaphysical and ethical truths wittgenstein s tractatus can be read as defining expressing and reacting to this crisis in his later philosophy wittgenstein adopted a novel philosophical attitude sensitive to the ordinary uses of language as well as to the unnoticed dogmas they may betray if the gist of modernism is self reflection and attention to the way form expresses content then wittgenstein s later ideas in their fragmented form as well as their ear opening contents deliver it most precisely understanding wittgenstein understanding modernism shows wittgenstein s work both early and late to be closely linked to the modernist geist that prevailed during his lifetime yet it would be wrong to argue that wittgenstein was a modernist tout court for wittgenstein as well as for modernist art understanding is not gained by such straightforward statements it needs time hesitation a variety of articulations the refusal of tempting solutions and perhaps even a sense of defeat it is such a vision of the linkage between wittgenstein and modernism that guides the present volume

Understanding Wittgenstein, Understanding Modernism 2017-01-26

based on insight into foucault s lectures on biopolitics which consider the notion of neoliberalism for all future relationships between individuals and society and the state and the economy this book shows that the oligarchic model of politics and culture management today is a result of the rise and fall of mass political movements the ideologies of the end of the twentieth century with which neo liberalism perfectly establishes a balance are reflected in the combination of technoscience rational choice and individualism in this way the rule is reversed into a cybernetic market as a management model today transnational corporations control the states and their political subjects with sovereignty rendered an illusion by the obsolescence of the modern project since the post imperial order in the 21st century requires the expansion of total power rather than the fragmentation of freedom it is necessary to explore the hybrid relationship between economics and politics the corporate system of activities denotes a subject to all forms of organization of the state and society from the trade unions to the universities from institutionalized religion to social welfare and sport the consequence of this can be seen in the disappearance of the essence of society this book investigates the logic of world historical progress from the cybernetic governance system and the new way of legitimizing capitalism in the 21st century to all forms of suspension of fundamental ideas which have marked the

politics of modernity

Neoliberalism, Oligarchy and Politics of the Event 2020-01-28

this book is the first to approach jacques rancière s work from a legal perspective a former student of louis althusser rancière is one of the most important contemporary french philosophers of recent decades offering an original and path breaking way to think politics democracy and aesthetics rancière s work has received wide and increasing critical attention but no study exists so far that reflects on the wider implications of rancière for law and for socio legal studies although rancière does not pay much specific attention to law and there is a strong temptation to identify law with what he terms the police order much of rancière s historical work highlights the creative potential of law and legal language with important legal implications and ramifications so rather than excavate the rancièrian corpus for isolated statements about the law this volume reverses such a method and asks what would a rancière inspired legal theory look like bringing together specialists and scholars in different areas of law critical theory and philosophy this rethinking of law and socio legal studies through rancière provides an original and important engagement with a range of contemporary legal topics including constituent power and democracy legal subjectivity human rights practices of adjudication refugees the nomos of modernity and the sensory configurations of law it will then be of considerable interest to those working in these areas

Ranciere and Law 2017-11-06

looking at the roots of contemporary political theory this three volume set examines the global landscape of all the key theories and the theorists behind them and provides concise to the point definitions of key concepts ideas schools and figures

Encyclopedia of Political Theory 2010-03-18

this book departs from the attempt by political theory to confront the challenges of political life with new concepts offering instead a mode of thought so far excluded from the canon of political theory the philosophy of presence making the experience of liminality the very centre of thought it shows how embracing in betweenness allows us to discern the limits of both the political order and contemporary political theory through an examination of the works of gustav landauer eric voegelin simone weil and václav havel the author demonstrates the manner in which in betweenness may be cultivated by way of the philosophy of presence as a method of self enquiry into existence as it is experienced subjectively arguing that since externalisation is the essence of politics and that the way to a more just society lies inwards through a confrontation with liminality this study of how to read philosophers of presence renders their work intelligible to the contemporary discourse of crisis and will appeal to scholars of social political and anthropological theory and philosophy

Liminality and the Philosophy of Presence 2021-03-16

this book is about the global crisis and the right to resistance about neoliberal biopolitics and direct democracy about the responsibility of intellectuals and the poetry of the multitude using greece as an example douzinas argues that the persistent sequence of protests uprisings and revolutions has radically changed the political landscape this new politics is the latest example of the drive to resist a persevering characteristic of the human spirit the eu and the imf used greece as a guinea pig to test the conditions of social reconstruction in times of crisis but the manifold resistances turned the object of experimentation into a political subject and overturned the plans of elites the idea and limits of democracy are redefined in the place of their birth

Philosophy and Resistance in the Crisis 2013-07-11

while it is gaining in academic prominence discussion of the imagination is too often neglected society is dangerously unaware of the intimate relationship between culture and politics ethics and aesthetics challenging this jay patrick starliper examines the imagination through the lens of the work of peter viereck and other likeminded thinkers the result is a philosophical deconstruction that demonstrates why books are bullets in 1941 before nazi barbarism was public knowledge a young peter viereck published metapolitics from wagner and the german romantics to hitler in it viereck attacked the diabolical spiritual foundations of national socialism he made the ostensibly absurd claim that a certain shade of romanticism was the ethical foundation of a german revolt against decency according to viereck nazism was the culmination of over a century and a half of bad culture the result of an idyllic imagination starliper warns that the same diseased imagination that culminated in gas chambers and guillotines is subtly affecting the way millions of people view the world today and that without the inspiration of an elevated aesthetic civilization will not survive in the spirit of edmund burke and irving babbitt viereck s insight into the ethical and political force of aesthetics provides a much needed critique of contemporary civilization

Aesthetic Origins 2017-07-28

mis readings of marx in continental philosophy reflects on the way major european philosophers related to the work of karl marx it brings together leading and emerging critical theorists to address the readings of marx offered by benjamin adorno arendt althusser foucault derrida deleuze negri badiou agamben rancière latour and Žižek

(Mis)readings of Marx in Continental Philosophy 2014-10-14

what if liberal democracy were a contradiction in terms this book distinguishes liberalism a logic of order from democracy a principle of disordering to defend a rancièrian vision of impure politics disclosing rancière s refusal of ontology as political the lessons of rancière enacts a critical theory beyond unmasking and a democratic politics beyond liberalism

The Lessons of Rancière 2013

post continental philosophy outlines the shift in continental thought over the last 20 years through the work of four central figures gilles deleuze alain badiou michel henry and françois laruelle though they follow seemingly different methodologies and agendas each insists on the need for a return to the category of immanence if philosophy is to have any future at all rejecting both the german phenomenological tradition of transcendence of the ego being consciousness alterity or flesh as well as the french structuralist valorisation of language they instead take the immanent categories of biology deleuze mathematics badiou affectivity henry and axiomatic science laruelle as focal points for a renewal of thought consequently continental philosophy is taken in a new direction that engages science and nature with a refreshingly critical and non reductive approach to life set theory embodiment and knowledge however each of these new philosophies of immanence still regards what the other is doing as transcendent representation raising the question of what this return to immanence really means john mullarkey s analysis provides a startling answer by teasing out their internal differences he discovers that the only thing that can be said of immanence without falling back into transcendent representation seems not to be a saying at all but a showing a depiction through lines because each of these philosophies also places a special value on the diagram the common ground of immanence is that occupied by the philosophical diagram rather than the word the heavily illustrated final chapter of the book literally outlines how a mode of philosophical discourse might proceed when using diagrams to think immanence

Post-Continental Philosophy 2006-01-01

nietzsche theories of knowledge and critical theory the first volume of a two volume book collection on nietzsche and the sciences ranges from reviews of nietzsche and the wide variety of epistemic traditions not only pre socratic but cartesian leibnizian kantian and post kantian through essays on nietzsche s critique of knowledge via his critique of grammar and modern culture and culminates in an extended section on the dynamic of nietzsche s critical philosophy seen from the perspective of habermas and critical theory this volume features a first time english translation of habermas s afterword to his own german language collection of nietzsche s epistemological writings

Nietzsche, Theories of Knowledge, and Critical Theory 1999-08-31

in this incisive acerbic work alain badiou looks beyond the petty vulgarity of the french president to decipher the true significance of what he represents a reactionary tradition that goes back more than a hundred years to escape the malaise that has enveloped the left since sarkozy s election badiou casts aside the slavish worship of electoral democracy and maps out a communist hypothesis that lays the basis for an emancipatory politics of the twenty first century

The Meaning of Sarkozy 2010-07-06

a new salvo in verso s burgeoning series on communism after badiou Žižek and groys one of the rising stars of contemporary critical theory bruno bosteels discusses the new currents of thought generated by figures such as alain badiou jacques rancière and slavoj Žižek who are spearheading the revival of interest in communism bosteels examines this resurgence of communist thought through the prism of speculative leftism an incapacity to move beyond lofty abstractions and thoroughly rethink the categories of masses classes and state debating those questions with writers including roberto esposito and alberto moreiras bosteels also provides a vital account of the work of the bolivian vice president and thinker alvaro garcía linerá

Metapolitics: the Roots of the Nazi Mind 1961

how has ancient greek thought been received within phenomenology the volume offers chapters on edmund husserl martin heidegger hans georg gadamer jacob klein hannah arendt eugen fink jan patočka emmanuel levinas and jacques derrida

Actuality of Communism 2014-11-04

renowned scholars explore and discuss nietzsche s desire to challenge the very conception of philosophy and his methods of doing so

Phenomenological Interpretations of Ancient Philosophy 2021-05-03

what and how should individuals resist in political situations chris henry brings together the work of althusser badiou and deleuze in order to offer a new idea of political practice he develops a structural ontology that gives rise to non idealist non dogmatic yet ethical practices of resistance against the return of classical ontological dualities

Nietzsche's Metaphilosophy 2019-11-07

nietzsche's immoralism begins a two volume critical reconstruction of a socialist democratic and non liberal nietzschean politics nietzsche's ideal of amor fati love of fate cannot be individually adopted because it is incompatible with deep freedom of agency however we can create its social conditions thanks to an underappreciated aspect of his will to power psychology we are driven not toward domination and conquest but toward resistance contest and play a heightened feeling of power provoked by equal challenges that enables the non instrumental affirmation of suffering this incompatibilist anti teleological psychology leads to nietzsche's distinctive immoralism the abandonment of cultural means of human improvement for a historical materialist politics of breeding that produces future higher types through changes to our political order's material conditions politics becomes first philosophy it is not grounded in moral values but is instead the very source of their legitimacy moreover despite nietzsche's professed aristocratism his immoralism offers a stronger foundation for a renewed left attacking conservative politics at its very root the belief in moral order authority and responsibility

Ethics of Political Resistance 2019-03-21

dissenting words is a lively and engaging collection of interviews that span the length of jacques rancière's trajectory from the critique of althusserian marxism and the work on proletarian thinking in the nineteenth century to the more recent reflections on politics and aesthetics across these pages rancière discusses the figures concepts and arguments he has introduced to the theoretical landscape over the past forty years the themes and concerns that have animated his thinking the positions he has defended and the wide range of objects and discourses that have attracted his attention and through which his thought has unfolded history pedagogy literature art cinema but more than reflecting on the continuities turns ruptures and deviations in his thought rancière recasts his work in a different discursive register and the pleasure we experience in reading these interviews with their asides displacements and reconstructions stems from the way rancière transforms the voice of the thinker commenting on his texts and elucidating his concepts into another and equally rich manifestation of his thought core sections of this edition are translated from the french publication *et tant pis pour le gens fatigués* by jacques rancière editions amsterdam 2009 published by arrangement agence litteraire pierre astier associés

Nietzsche's Immoralism 2022-10-19

alain badiou takes on the standard bearer of the linguistic turn in modern philosophy and anatomizes the antiphilosophy of ludwig wittgenstein in the course of his interrogation of wittgenstein's thinking badiou refines his own definitions of the universal truths that govern his work bruno bosteels's introduction argues that a continuing dialogue with wittgenstein is inescapable for contemporary philosophy

Why We Fight 2011

the question of nietzsche s use of political theory has a long and vexed history the contributors of this book re situate debates around the notion of difference in relation to historical and scholarly concerns but with a view to the current political context given that today we are faced with a host of political challenges of domination and resistance the question raised in this volume is how nietzsche helps us to think through and to address some of the problems the authors also discuss how his writings complicate our desire for swift solutions to seemingly intractable problems how to resist slavishness in thought and action how to maintain hard won civil liberties and rights in the face of encroaching hegemonic discourses practices and forces or how to counteract global environmental degradation in short how to oppose totalitarian movements of homogenization universalization equalization and instead to affirm both politically and ontologically a culture of difference

De anstændige 2013-06-24

written by a team of renowned contributors and carefully edited to address the themes laid out by the editors in their introduction the book includes theoretical issues concerning the questions of aesthetics and politics and addresses city and urban strategies within the general critique of the post political by focusing on specific case studies from warsaw barcelona dubai tokyo and many more the book consolidates the contributions of a diverse group of academics architects and critics from europe the middle east and america this collection fills the gap in the existing literature on the relation between politics and aesthetics and its implications for the theoretical discourse of architecture today in summary this book provides a response to the predominant de politicization in academic discourse and is an attempt to re claim the abandoned critical project in architecture
