Increase Your Brainability--And Reduce Your Risk of Dementia

2021

dreaded by many people as an inevitable part of normal aging dementia has displaced cancer as the most feared health problem cancer continues to be a serious condition but it is often curable and almost always treatable in contrast the fear of dementia is complicated by the fear of ageing and by muddled thinking about its relationship with alzheimer s disease yet there is no reason to be disheartened ever evolving scientific evidence means that we can be increasingly optimistic about the future and on going research shows that the problems we dread dementia disability and dependency can be controlled by taking steps to limit damage to the brain caused by stress sleep problems and inactivity throughout our lives it is more than possible to substantially reduce your risk of dementia equally a loss of physical fitness which starts long before old age is preventable based on research from the optimal ageing programme and full of practical evidence based advice on managing the major risk factors underpinning dementia this book will inspire readers to fight back against the modern environment and negative societal attitudes through simple but effective lifestyle changes that anyone can make everyone can take positive action to increase their brainability it is never too late to change your life reduce your risk and live better for longer

Increasing Your Self-Worth

2013-09-10

this book is all about engagement and if i can engage you just long enough you'll acquire a unique methodology that identifies your engagement pain points and provides a structured plan for increasing your overall engagement in your work play and relationships a 2017 gallup survey revealed that worldwide employee engagement is only 15% the fact that this number isn't even close to an overwhelming majority or at least a modest 50% is incredibly disheartening given the amount of time we spend at work we may as well spend this time pursuing fruitful meaningful activities without true engagement we can't optimize our talents we can't fully enrich or enjoy our lives without holistically engaging every part of our livelihood with the gallup survey in mind i've developed an integrated unique methodology that refines your life long mission which includes both mission maturity refining your mission as you interact with the world and mission fulfillment the tangible realization of your goals and actions in this book we'll deconstruct your mission into three lifelines which represent all three parts of your life professional personal and social each of these lifelines requires engagement so that you can lead an integrated fulfilling life each of your three lifelines is broken up into three individual components which i call fundamentals that reinforce themselves and finally we discover that purpose passion and persistence are the foundational roots of our mission lifelines and fundamentals as an added bonus you'll find helpful worksheets and visuals provided at the end of the book to facilitate your understanding and jumpstart your journey to engaging a fulfilling life and as a double bonus the last chapter of this book offers business strategies for increasing your income

insights on employee engagement which can materially impact your company or organization this book will cover engagement on a personal individual level that resonates with you directly and for companies and employees alike this book will provide unique insights into improving employee engagement and cultivating better opportunities for you in the workplace if you bring this book s business insights into your organization you ll realize gradual long lasting impact in your company s culture and performance this book is just as valuable for organizations as it is for individuals and i equally encourage both organizations and individuals to leverage this book for their benefit the main message behind this book is for you the reader to understand that you must engage yourself in your work and your play not just one or the other and as you improve in engaging different parts of your life you ll realize the synergistic and compounding results that committed engagement offers you the contents of this book will add value to a wide range of people engagement and purpose fulfillment are relevant topics that impact the 22 year old recent graduate 20 year industry professional and the recent 65 year old retiree my main purpose for creating this book is to influence you to capitalize on the offerings that arise from a fully engaged integrated life with true engagement comes discovery new learnings and enlightened action thank you for your interest in this book i hope it serves you and provides an insightful perspective that enhances your approach to work play and relationships if you reflect upon and implement the concepts discussed in this book you will lead a more engaged life that brings you fulfillment enrichment and unlimited opportunity engagement starts with your mind and ends in your daily interactions with the outside world this book will help you get your mind right but it s up to you to implement your learnings in your day to day actions behaviors and habits keep your mind open eyes abreast and ears active i hope this book serves you along your journey
