1999

harley davidson big twins 1970 99 shop manualhaynes sftbd 8 1 4 x 1 3 4 224 pgs 536 b w ill

British Books in Print

1985

a team of experts in ministry and the bible offer skills for the long haul they employ the old testament notion of covenant and ask ministers to enter a covenant both for their own self care and as a key to framing and enlivening their care for others in ministry true to life stories show how biblically based covenantal relationships with clear boundaries promote healthy relationships and are integral to faithful personal and pastoral care

Charisma and Christian Life

1997

think of the most inspiring leader you have observed worked for or read about a leader who so attracted and inspired you that you would fight to work with him or her on any enterprise would you like to become such a leader you can and this book will show you how author john r hook describes such leaders as having the leadership touch his book identifies the attributes that produce the touch and provides guidance to leaders seeking this high order of leadership capability for themselves or throughout their organizations his methodology was to find followers who had experienced this strong attraction to a leader and then to ask why what attributes made that leader so attractive what produced the draw for data he uses one compelling historical example sir ernest Shackleton six outstanding leaders from his own experience and the views of 25 experienced colleagues the result is a persuasive argument for the existence of the leadership touch and a comprehensive list of attributes contributing to the touch and the specific behaviors found in leaders who have each of the attributes the book concludes with two action plans one for personal development and another to improve leadership throughout the organization in summary if you aspire to the very highest order of leadership capacity for yourself or your organization read this book

The British National Bibliography

2002

compassie hebben met anderen dat lukt meestal wel maar compassie hebben met jezelf is vaak een stuk moeilijker dat ontdekte psychologe en boeddhist kristin neff na haar pogingen om los te komen van de problematische relatie met haar vader steeds weer belandde ze bij verkeerde mannen en in relaties die haar niet gelukkig maakten totdat ze beseftte dat ze pas liefde kon geven als ze zichzelf liefhad zelfcompassie gaat volgens kristin neff om drie dingen begrip voor jezelf als je het moeilijk hebt acceptatie dat lijden onvermijdelijk deel uitmaakt van het leven en het onder ogen zien van je eigen emoties zonder te oordelen

Catalog of Copyright Entries. Third Series

1976

since the mid 1960s new religious movements some exotic some homegrown have burgeoned all over the united states a sense of self awareness and spiritual sensitivity have found expression in the lives of large numbers of people especially among youth why would this happen what do these movements teach and what effect do they have on the future how does religious consciousness relate to other manifestations of social change such as communal living group therapy and radical politics beginning in 1971 an extensive research project was undertaken by a team of sociologists historians and theologians seeking answers to these questions through a combination of interviews and participant observations they studied new religious and quasi religious groups in the san francisco bay area a spawning ground for upwards of one hundred such movements the new religious consciousness opens with reports on three eastern based movements the healthy happy holy organization hare krishna and divine light more popularly known by the name of its leader maharaj ji three quasi religious movements are then considered the new left the human potential movement esalen est scientology etc and synanon next three movements having their roots in western religious traditions are examined the christian world liberation front an offshoot of the jesus movement catholic charismatic renewal and the church of satan whose members believe in witchcraft succeeding chapters are devoted to estimating the impact of these movements on established religions and the population at large and to the history of earlier periods of religious ferment in the united states the book concludes with provocative essays by the editors in which they present separate and differing analyses of the sources nature and meaning of the new religious consciousness a variety of perspectives are represented here phenomenological theological experiential sociological and social psychological the result is a book rich in insight about the nature of new religions taken together with a companion volume robert wuthnow s the consciousness reformation also published by university of california press the new religious consciousness provides the first comprehensive study of american countercultural belief

systems with contributions by randall h alfred robert n bellah charles y glock barbara hargrove donald heinz gregory johnson ralph lane jr jeanne messer richard ofshe thomas piazza linda k pritchard donald stone alan tobey james wolfe robert wuthnow this title is part of uc press s voices revived program which commemorates university of california press s mission to seek out and cultivate the brightest minds and give them voice reach and impact drawing on a backlist dating to 1893 voices revived makes high quality peer reviewed scholarship accessible once again using print on demand technology this title was originally published in 1976
