is still making stupid decisions is still relateable still has ulterior motives still is jayne marlon balraj blogger and reviewer at we live and breathe books blog better and better i can't think of a single thing in this series that i don't like and that is saying a lot the further i get into it the more i can't stop reading definitely a series you want to read in order and well worth the read amazon reviewer each book gives you more and more books 1 2 3 were fantastic each book after gives you more and more insight into each character i am reading these books faster than most because the writer keeps me interested the anticipation of the next twist is what keeps me wanting to turn the page margaret thomas amazon reviewer a message from the author a reader fan recently set up a blog dedicated to casting the actors for the war of the fae movie no it is not in production to be made into a movie nor have i sold the rights to anyone for the movie but just in case i ever do my fans will be sure the casting director has a complete line up ready check it out ellecasey.com wotf movie

read i am a big fan of young adult books this is one of my favorites i have actually re read this book multiple times
hipsterduck amazon reviewer this book for lack of a better word was amazing from the character intros to the last page i
was intrigued elle clearly understood teens because all of their motivations and goals were believable even the way in
which they became stranded was believable i loved every aspect of this book i definitely recommend it a must read brandon
goodreads reviewer a note about the series i pretty much grew up on the east coast of florida so i went to the beach a lot
and whenever i did i was always looking out at the water wondering what if what if i were stranded out on a boat
somewhere in shark infested waters and then washed up on a beach of a deserted island how would i survive for probably
30 years or more i contemplated these questions every time i went to the beach or thought about the water so i had a lot of
time to think about the details this book was inside my head in the making for a really long time that s why it s the first
book i wrote because it was finally time to get it out of my head and onto paper or i should say into my computer when i
found out about self publishing for the kindle i thought what the heck maybe someone will like it as much as i do now
several years later with over 40 books written and a few spots on the new york times and usa today bestseller lists i can say
that it was one of the best decisions i ve ever made it literally changed my life i m really glad that i spent so much time
daydreaming while i was at the beach and i m even happier that i took a chance on this story and shared it with the world
sequel alert this book was originally written without plans for a sequel but so many readers asked for one it was done
published on december 31 2012 reckless picks up where wrecked left off
