Pick-me-up 1891 this book argues that the trade distorting effects of advantages associated with soes are more severe from an economic perspective and the behavior of soes after receiving advantages is of more concern compared to private owned enterprises poes the premise is that the existence of soes per se is not the essential problem rather the underlying problems are i the disproportionate granting of advantages to soes compared to poes and ii the behavior of soes once they receive

advantages the book offers a systematic analysis focusing on the various advantages granted to soes and their subsequent behavior its detailed analysis reveals the inadequacy of current wto rules and is complemented by a number of concrete proposals

The Lancet London 1871 the thoroughly revised updated 9th edition of go to objective neet biology is developed on the objective pattern following the chapter plan as per the ncert books of class 11 and 12 the book has been rebranded as go to keeping the spirit with which this edition has been designed the complete book has contains 38 chapters in the new structure the book is completely revamped with every chapter divided into 2 4 topics each topic contains study notes along with a dpp daily practice problem of 15 20 mcqs this is followed by a revision concept map at the end of each chapter the theory is followed by a set of 2 exercises for practice the first exercise is based on concepts application it also covers ncert based questions this is followed by exemplar past 8 year neet 2013 2021 questions in the end of the chapter a cpp chapter practice problem sheet of 45 quality mcqs is provided the solutions to all the questions have been provided immediately at the end of each chapter
