*Sex Scene* 2014-03-24 sex scene suggests that what we have come to understand as the sexual revolution of the late 1960s and early 1970s was actually a media revolution in lively essays the contributors examine a range of mass media film and television recorded sound and publishing that provide evidence of the circulation of sex in the public sphere from the mainstream to the fringe they discuss art films such as *i am curious yellow* mainstream movies including *midnight cowboy* sexploitation films such as *mantis in lace* the emergence of erotic film festivals and of gay pornography the use of multimedia in sex education and the sexual innuendo of the *love boat* scholars of cultural studies history and media studies the contributors bring shared concerns to their diverse topics they highlight the increasingly fluid divide between public and private the rise of consumer and therapeutic cultures and the relationship between identity politics and individual rights the provocative surveys and case studies in this nuanced cultural history reframe the sexual revolution as the mass sexualization of our mediated world contributors joseph lam duong jeffrey escoffier kevin m flanagan elena gorfinkel raymond j haberski jr joan hawkins kevin heffernan eithne johnson arthur knight elana levine christie milliken eric schaefer jeffrey sponce jacob smith leigh ann wheeler linda williams

*Mise en Scène and Film Style* 2014-11-04 styles of filmmaking have changed greatly from classical hollywood through to our digital era so too have the ways in which film critics and scholars have analysed these transformations in film style this book explores two central style concepts *mise en scène* and *dispositif* to illuminate a wide range of film and new media examples

*Media Wizards* 1999-01-01 a look at how the media can alter the perceptions of the public making people believe what they are shown includes historical notes of how media manipulation existed even in the civil war

**Scene Design: Rendering and Media** 2012-03-02 scene design rendering and media is intended to help students or practitioners improve their skills at making finished renderings of scene designs for theater the book demonstrates the process of creating the renderings through real world methods and techniques chapters are dedicated to a detailed discussion of various tools including drawing light and shadow color mixing painting figures and other media and the book is rife with colorful and inspirational examples

**The Routledge Companion to Urban Media and Communication** 2019-09-23 the routledge companion to urban media and communication traces central debates within the burgeoning interdisciplinary research on mediated cities and urban communication the volume brings together diverse perspectives and global case studies to map key areas of research within media cultural and urban studies where a joint focus on communications and cities has made important innovations in how we understand urban space technology identity and community exploring the rise and growing complexity of urban media and communication as the next key theme for both urban and media studies the book gathers and reviews fast developing knowledge on specific emergent phenomena such as reading the city as symbol and text understanding urban infrastructures as media and vice versa the rise of global cities urban and suburban media cultures newspapers cinema radio television and the mobile phone changing spaces and practices of urban consumption the mediation of the neighbourhood community and diaspora the centrality of culture to urban regeneration communicative responses to urban crises such as racism poverty and pollution the role of street art in the negotiation of the right to the city city competition and urban branding outdoor advertising moving image architecture smart cyber urbanism the emergence of media city production spaces and clusters charting key debates and neglected connections between cities and media this book challenges what we know about contemporary urban living and introduces innovative frameworks for understanding cities media and their futures as such it will be an essential resource for students and scholars of media and communication studies urban communication urban sociology urban planning and design architecture visual cultures urban geography art history politics cultural studies anthropology and cultural policy studies as well as those working with governmental agencies cultural foundations and institutes and policy think tanks

*Marketing in Context* 2013-11-14 the best marketing doesn't just focus on the individual psychology of the consumer it operates at a cultural level it frames choices so that the consumer isn't aware their buying decisions are being influenced hackley shows how marketing must set the scene and identify the broader cultural context to successfully influence consumers

**Crime and Local Television News** 2014-04-04 this volume offers an analysis of crime coverage on local television exploring the nature of local television news and the ongoing appeal of crime stories drawing on the perspectives of media studies psychology sociology and criminology authors jeremy h lipschultz and michael l hilt focus on live local television coverage of crime and examine its irresistibility to viewers and its impact on society's perceptions of itself they place local television news in its theoretical and historical contexts and consider it through the lens of legal ethical racial aging and technological concerns in its comprehensive examination of how local television newsrooms around the country address coverage of crime this compelling work discusses such controversial issues as the use of crime coverage to build ratings and considers new

models for reform of local tv newscasts the volume includes national survey data from news managers and content analyses from late night newscasts in a range of markets and integrates the theory and practice of local television news into the discussion lipschultz and hilt also project the future of local television news and predict the impact of social and technological changes on news as a provocative look at the factors and forces shaping local news and crime coverage crime and local television news makes an important contribution to the discussions taking place in broadcast journalism mass communication media and society and theory and research courses it will also interest all who consider the impact of local news content and coverage

*How to Read a Film* 2009-05-08 james monaco discusses the elements necessary to understand how a film conveys its meaning and more importantly how the audience can best discern all that a film is attempting to communicate

**Image and Representation** 2018-03-17 image and representation is a clear and straight talking introduction to two of the most important concepts in film and media studies exploring media language and representation throughout a variety of visual texts the book offers a balanced in depth guide to the essential theories and key issues the book begins by introducing the basic components of image analysis including mise en scene framing and anchorage it then elaborates on these key ideas to provide the reader with a more advanced understanding of media language and representation from the contribution of semiotics and debates around authorial intent to ideas about hegemony and issues around propaganda nick lacey offers approachable explanations of complex ideas and terms the new edition is also now updated to reflect recent changes in the field with particular attention paid to new media technologies each chapter is packed with memorable examples from a wider range of media and provides greater global perspective on today s media landscape gradually building up the reader s knowledge to encourage independent thinking this is an essential resource for students taking courses in media cultural communication and film studies at school college or university

**Introducing Media Practice** 2018-02-12 taking readers from media students to media professionals introducing media practice brings together the why and the how to of media studies it explains how adding theory to practice improves students media projects and shows them how to develop the kind of project skills they need for a career in the creative and media industries with a clear easy to follow structure the book covers the full range of media practice skills from building production teams and writing briefs through audience research and scripting to production distribution and evaluation offers a range of exercises for both the classroom and independent learning helping students put their learning into practice build their confidence and establish a portfolio includes a glossary of key terms helping students to get to grips with the concepts they need to know to succeed by bridging the gap between theory and practice this book provides students with a richer understanding of both it is the ideal guide to succeeding in a media degree enhancing their employability and preparing for a career in the creative and media industries

**Film Theory** 2004 this book provides a clear and authoritative introduction to the emerging arab media industries in the context of globalization and its impacts with a focus on publishing press broadcasting cinema and new media through detailed discussions of the regulation and economics of these industries the authors argue that the political technological and cultural changes on the global media scene have resulted in the reorganization of the arab media field they provide striking examples of this through the particular effects on media policies media technology and the content and genres developed for the new generation of media consumers as part of the book s overview of the contemporary characteristics of arab media the authors outline the development of the role of modern arab media from a tool of mobilizing the public to a tool of commercial and symbolic profit overall the volume illustrates how the arab region represents a unique case where the commercialization and liberalization of selected media industries has gone hand in hand with continuous state intervention and an increasing self censorship written for students without prior knowledge of the topic arab media will be essential reading for all interested in the contemporary global media industries

*Arab Media* 2013-05-20 in this landmark third edition netnography the essential guide provides the theoretical and methodological groundwork as well as the practical applications helping students both understand and do netnographic research projects of their own

*Netnography* 2019-10-14 criminal investigators have a long list of duties they must identify and secure a crime scene conduct interviews of witnesses and victims interrogate suspects identify and properly collect evidence and establish and maintain a chain of custody once an investigation is underway the criminal investigator must demonstrate thorough knowledge of

**The Certified Criminal Investigator Body of Knowledge** 2017-07-27 amateur media and participatory cultures aims to delineate the boundary line between today s amateur media practice and the canons of professional media and film practice identifying various feasible interpretative frameworks from historical to anthropological perspectives the volume proposes a critical language able to cope with amateur and new

media's rapid technological and interpretative developments conscious of the fact that amateur media continue to be seen as the benchmark of visual records of authentic rather than mass media derived events Annamaria Motrescu Mayes and Susan Aasman pay particular attention to the ways in which diverse sets of concepts of amateur media have now merged across global visual narratives and everyday communication protocols building on key research questions and content analysis in media and communication studies they have assessed differences between professional and amateur media productions based on the ways in which the originators of an image have been influenced by or have challenged their context of production this proposes that technical skills degrees of staging and or censoring visual information and patterns in media socialisation define central differences between professional and amateur media production distribution and consumption the book's methodical and interdisciplinary approach provides valuable insights into the ways in which visual priming cultural experiences and memory building are currently shaped stored and redistributed across new media technologies and visual channels

**Amateur Media and Participatory Cultures** 2019-01-23 this book compares and contrasts traditional crime scenes with scenes of climate crisis to offer a more expansive definition of crime which includes environmental harm the authors reconsider what crime scenes have always included and might come to include in the age of the anthropocene a new geological era where humans have made enough significant alterations to the global environment to warrant a fundamental rethinking of human nonhuman relations in each of the chapters the authors reframe enduringly popular arctic scenes such as iceberg hunting cruising and polar bear watching as specific criminal anthroposcenes by reading climate scenes in this way the authors aim to productively deploy the representation of crime to make these scenes more engaging to policymakers and ordinary viewers criminal anthroposcenes brings together insights from criminology climate change communication and tourism studies in order to study the production and consumption of media representations of arctic climate change in the hope of mobilizing more urgent public and policy responses to climate change

*Narrative Scene Editing with Avid Media Composer* 2012 this reader brings together a selection of key writings to explore the relationship between religion media and cultures of everyday life it provides an overview of the main debates and developments in this growing field focusing on four major themes religion spirituality and consumer culture media and the transformation of religion the sacred senses visual material and audio culture religion and the ethics of media and culture this collection is an invaluable resource for students academics and researchers wanting a deeper understanding of religion and contemporary culture

International Cinema and the Girl 2016-04-29 the study of various types of programming is essential for critical analysis of the media and also offers revealing perspectives on society s cultural values preoccupations behavior and myths this handbook provides a systematic in depth approach to the study of media genres including reality programs game shows situation comedies soap operas film noir news programs and more the author addresses such questions as have there been shifts in the formula of particular genres over time what do these shifts reveal about changes in culture how and why do new genres such as reality tv shows appear are there differences in genres from one country to another combining theoretical approaches with concrete examples the book reinforces one s understanding of the importance of genre to the creation evolution and consumption of media content each chapter in this reader friendly book contains a detailed discussion of one of the theoretical approaches to genre studies followed by lines of inquiry which summarizes the major points of the discussion and suggests directions for analysis and further study each chapter also includes an example that illustrates how the particular theoretical approach can be applied in the analysis of genre the author s careful linkage of different genres to the real world makes the book widely useful for those interested in genre study as well as media and culture television studies film studies and media literacy

PI Revelations 2016-09-16 the rise of china has brought about a dramatic increase in the rate of migration from mainland china at the same time the chinese government has embarked on a full scale push for the internationalisation of chinese media and culture media and communication have therefore become crucial factors in shaping the increasingly fraught politics of transnational chinese communities this book explores the changing nature of these communities and reveals their dynamic and complex relationship to the media in a range of countries worldwide overall the book highlights a number of ways in which china s going global policy interacts with other factors in significantly reshaping the content and contours of the diasporic chinese media landscape in doing so this book constitutes a major rethinking of chinese transnationalism in the twenty first century

Media Scene 1991 emergency response to domestic terrorism analyzes the emergency response to the bombing of the alfred p murrah federal building in oklahoma city on april 19 1995 terrorism is a complex threat and the american government is expected to deter or intervene in every attack for that reason the government must be better prepared to respond to acts of terror one critical element is to understand what constitutes an effective response to answer this key question the author examined the existing literature and interviewed thirty one elite participants in the emergency response to the bombing the result is a unique qualitative case study that analyzes the response efforts undertaken after the bombing to draw conclusions about their relative success or failure emergency response to domestic terrorism looks at the nature and interrelationship of bureaucratic structures involved in the response the organizational networking between the response bureaucracy and the impact of bureaucratic culture on the response the work contributes to the existing literatures in both emergency response and bureaucracy first theoretical arguments about bureaucracies and their function are put to the test as they are applied to a specific crisis situation second interview materials with key individuals who were on the scene of this american terrorist disaster are provided third the emergency response literature is examined to determine whether the oklahoma city bombing exhibited the anticipated response challenges in addition the work provides insights into the extent to which response communities are familiar with federal response guidelines the overall results of the study are applicable to emergency response to terrorist incidents and to natural disasters by bringing together the academic and the practical aspects of emergency response the work will appeal to students practitioners and policymakers further it will foster better understanding of public policy and public administration in general

*Genre Studies in Mass Media: A Handbook* 2015-01-28 this book reflects and analyzes the relationship

between media and genre focusing on both aesthetics and discursive meaning it considers genres as having a decisive impact on media cultures either in film on tv in computer games comics or radio on the level of production as well as reception the book discusses the role of genres in media and cultural theory as a configuration of media artifacts that share specific aesthetic characteristics it also reflects genre as a concept of categorization of media artifacts with which the latter can be analyzed under terms depending on a specific historical situation or cultural context a special focus is placed on trans media perspectives even as genres develop their own traditions within one medium they reach beyond a media specific horizon necessitating a double perspective that considers the distinct recourse to genre within a medium as well as the trans media circulation and adaption of genres

**Media and Communication in the Chinese Diaspora** 2015-09-16 how films of the 1960s and early 1970s framed therapeutic issues as problems of human communication and individual psychological problems as social ones rx hollywood investigates how therapy surfaced in the themes representations and narrative strategies of a changing film industry in the 1960s and early 1970s american cinema was struggling to address adult audiences who were increasingly demanding films that confronted contemporary issues focusing upon five fields of therapeutic inquiry therapist patient dynamics female frigidity and male impotence marital discord hallucinogenic drug use and the dynamics of confession michael deangelis argues that the films of this period reveal an emergent common tendency of therapy to work toward the formation of a stronger sense of interpersonal community social and political engagement counteracting alienation and social division in the spirit of connection and community prior to the 1960s therapy had been considered an introspective process one that emphasized contemplation and insight and prompted the patient to investigate memories and past traumas in the 1960s however therapy would move toward more humanistic client centered community group and encounter models that deemphasized the there and then of past feelings and experiences and embraced the here and now of the present these kinds of therapy promised to heal the self through a process of reaching out helping individuals to connect with communities support networks and other like minded individuals who shared a needed sense of belonging drawing on a wide range of films including marnie the boston strangler the chapman report carnal knowledge divorce american style diary of a mad housewife guess who s coming to dinner and five easy pieces deangelis shows how american culture framed therapeutic issues as problems of human communication developing treatment strategies that addressed individual psychological problems as social problems michael deangelis is associate professor of media and cinema studies at depaul university he is the editor of reading the bromance homosocial relationships in film and television and the author of gay fandom and crossover stardom james dean mel gibson and keanu reeves
