florence is justly celebrated as one of the world's most important cities it enjoys mythic status and occupies an enviable place in the historical imagination but its music historical importance is less well understood than it should be if florence was the city of dante michelangelo and galileo it was also the birthplace of the madrigal opera and the piano this is the only book of its kind a comprehensive account of music in florence from the late middle ages until the end of the medici dynasty in the mid eighteenth century it recounts the principal developments in the history of florence's contributions to

music and how music was heard and cultivated in the city from civic and religious institutions to private patronage and the academies scholars from sister disciplines and a general readership interested in the history and culture of florence will find this book an invaluable complement to studies of the art literature and political thought of the late medieval and early modern eras and the quasi legendary figures in the florentine cultural pantheon

viewed traditionally the history of sixteenth century mantuan music is almost a catalogue of some of the most distinguished composers of the age from tromboncino and cara via jacquet of mantua to wert palestrina marenzio pallavicino gastoldi rossi and monteverdi the remarkable achievements of composers under gonzaga patronage practically synonymous with mantuan patronage during this period are treated here in their social context the arguments proceed not just from the music itself but from detailed examination of archival sources from which dr fenlon reconstructs employment patterns and describes the social structure and institutional life of the city the aim of the book is to show how the patterns of patronage and music and musicians reflect and illuminate the temperaments and prime preoccupations of successive rulers the book contains a substantial appendix of unpublished archival documents a small proportion only of the scholarly and comparative sources on which the study is based
