Electric Golf Cars from Poland 1980

i wrote this book to try to help anyone who would like to understand more about the workings of gas golf carts after working on them for many years i would like to share some of my experiences with you in the book i start out with the very basics of what gas golf carts should do and then explore what makes them do it and what can go wrong even though i had been working in mechanics and electronics all of my life i still had a lot of adapting to do when it came to fixing a golf cart they are indeed somewhat unique in how they accomplish getting you from point a to point b or maybe i should say from hole 1 to hole 18 through the years i have learned a bunch and of course made some seriously stupid mistakes in this book i share many of these experiences both good and bad with you as well as some knowledge that i have run across along the way i hope that this book might help you in your journey to understand and repair one of these somewhat elusive critters called a gas golf cart a few years ago i wrote another book entitled electric golf cart repair101 and a half and i hope this book is as well received as it was let s go fix some gas golf carts ron staley author
